## *Heart on a String*

Heaven must have sent me a back-up plan,  
cause left to my own devices I'd hold the arms of another man  
heaven must have sent me a wake-up call  
I'd settled for a skin deep kind of love after all  
and no I can't connect the dots that fast,  
so it took me awhile to find my match

material things, material things will never ever do  
my heart on a string my heart on a string and I'm in love with you  
no I never did think, I never did think I'd ever get a clue  
my heart on a string, my heart on a string and I'm in love with you

I'm walking on a wire, I hold my breath  
so afraid that I will lose you if I take a careless step  
I've finally found a passion that's worth the risk  
I've finally found a fire and you're the catalyst  
oh no I can't connect the dots that fast,  
won't you hold my hand and don't look back

material things, material things will never ever do  
my heart on a string my heart on a string and I'm in love with you  
no I never did think, I never did think I'd ever get a clue  
my heart on a string, my heart on a string and I'm in love with you

I won't forget all my sorrows past  
no I won't forget when I burned and crashed  
so I'll do all I can to make this last

material things, material things will never ever do  
my heart on a string my heart on a string and I'm in love with you  
no I never did think, I never did think I'd ever get a clue  
my heart on a string, my heart on a string and I'm in love with you
