

ARYN MICHELLE

Shake Me

Almost after midnight and I don't know what to do
I'm coming unglued, just say you love me
lonely in the lamplight, no longer bulletproof
I'm telling the truth, just say you love me
I got problems that I can't define I got enemies on every side
I got nothing left, I got nothing to hide

I want you to shake me shake me c'mon and just break me break me
I want you to love me love me with all of your might
c'mon and just take me take me c'mon and remake me make me
and if you will love me love me I will survive, I'll be alright

Waiting on the sunrise and I'll face another day
but I'm not afraid, I know you love me
and if I start to capsize in waters of dismay
I'll call your name, I know you love me
and if I lose the feeling for the fight, if I need a little dynamite
if I start to slip, if I'm losing my mind

I want you to shake me shake me c'mon and just break me break me
I want you to love me love me with all of your might
c'mon and just take me take me c'mon and remake me make me
and if you will love me love me I will survive, I'll be alright

I want you to shake me shake me c'mon and just break me break me
I want you to love me love me with all of your might
c'mon and just take me take me c'mon and remake me make me
and if you will love me love me I will survive, I'll be alright
